### PROFESSIONAL SUMMARY

Video editor and content creator with 3+ years of experience building high-retention short-form video for TikTok, YouTube, Facebook, and Instagram — generating 124M+ cumulative views through ERO | VISUALS, an independent content brand built from zero. Currently a 4th year Bachelor of Science in Information Technology student (expected graduation July 2027) and Web Development Lead for Microsoft Student Community – NU Laguna, building responsive projects with HTML, CSS, JavaScript, PHP/MySQL, and Node.js/Express. Proficient in Adobe Premiere Pro, Adobe After Effects, Canva, CapCut, and AI-assisted workflows, with a strong track record of learning new tools quickly and delivering for international clients remotely. Open to Video Editor, Content Creator, Web Developer, and Virtual Assistant roles.

### CORE SKILLS

Video Editing • Short-Form Content Creation • YouTube & TikTok Editing • Motion Graphics • Social Media Management • Content Planning & Scheduling • Digital Asset & File Management • Administrative Support • Data Entry • Calendar & Email Management • Internet Research • Documentation • Project Coordination • Written & Verbal Communication • Time Management • Attention to Detail • Adaptability

### TECHNICAL PROFICIENCY

- Video Editing: Adobe Premiere Pro, Adobe After Effects, CapCut
- Design: Canva, Photoshop (Basic)
- AI Tools: Claude, ChatGPT, Gemini, Grammarly, Grok AI
- Productivity: Google Workspace (Docs, Sheets, Slides, Drive), Microsoft 365
- Communication: Zoom, Google Meet, Microsoft Teams, Discord
- Project Management: Notion, Trello
- Technical: HTML, CSS, JavaScript, Node.js, SQL, VS Code

### IT & WEB DEVELOPMENT

- Languages: JavaScript, PHP, HTML5, CSS3, SQL
- Database: MySQL
- Backend: Node.js, Express.js, RESTful APIs, JWT Authentication
- Tools: Git, GitHub, VS Code (GitHub Student Developer Pack), Antigravity IDE
- AI-Assisted Development: Use Claude as primary AI coding assistant, alongside Gemini via Antigravity IDE, to plan, prototype, and debug code faster while maintaining clean, understandable code.
- Coursework: Project Management, Database Management, Web Development

### Selected Projects ([github.com/generosomm](https://github.com/generosomm))

- Document Tracking and Analytics System — Full-stack document tracking system built with PHP and MySQL for the City Government of Sto. Tomas (Capstone Project).
- Nexus Pass — Interactive 3D digital credential platform built with vanilla HTML, CSS, and JavaScript.
- Personal Portfolio Website — Data-driven portfolio site built with vanilla HTML, CSS, and JavaScript, deployed on GitHub Pages.
- MSC NU Laguna — Official Website (Backend Contributor) — Built REST API endpoints with Node.js, Express, and MySQL against an API contract set by the organization president; collaborated with a frontend team using React, TypeScript, and shaden/ui ([github.com/mscnulaguna](https://github.com/mscnulaguna)).

CONTENT BRAND — ERO | VISUALS (@EROEDTX)

Founder & Video Editor | August 2022 – Present

- Built and manage an independent content brand across TikTok, Facebook, Instagram, and YouTube, generating 124M+ cumulative video views.
- TikTok: 239K+ followers, 21.3M+ likes, 1,848+ videos posted; 96%+ of reach driven by non-follower discovery (Search and For You Page combined).
- YouTube: 16.4K+ subscribers, 644+ videos published, 15.9M+ total views.
- Instagram (@eroedtx): 1.9K+ followers, 735+ posts.
- Edit high-retention short-form and trailer-style videos for film promotion clients — e.g. a campaign for a Filipino film reunion special reached 3.5M organic views in 7 days.
- Plan, film, edit, and publish end-to-end; manage content calendars, digital assets, branding consistency, and performance analytics.
- Core audience: 63–87% Philippines-based, 44.8% aged 18–24, engaged largely via algorithmic (non-follower) discovery.

UNIVERSITY & PROJECT EXPERIENCE

Video Production Officer — NU Laguna School of Computer Studies Student Council June 2025 – Present

- Produce promotional videos, event highlights, and multimedia content supporting university organizations.
- Collaborate with officers, organizers, and creatives to ensure timely delivery of digital content.
- Organize digital assets, project files, and production workflows for efficient team collaboration.
- Edit videos optimized for social media engagement and institutional branding.

Web Development Lead — Microsoft Student Community – NU Laguna June 2025 – May 2026

- Led development of responsive web projects using HTML, CSS, JavaScript, and PHP/MySQL for backend-driven applications.
- Contributed backend REST API endpoints (Node.js, Express, MySQL, JWT authentication) for the organization's official website against an API contract defined by the organization president; handed off completed modules to a senior developer for testing and Docker-based deployment.
- Collaborated with a team of student developers to plan, build, and deliver projects within deadlines.
- Provided technical support, resolved project issues, and assisted with implementation and deployment.

Capstone Project Lead — City Government of Sto. Tomas, Batangas 2025 – 2026

- Led a student development team in building a Document Tracking and Analytics System.
- Coordinated project timelines, requirements, and stakeholder communication.
- Maintained project documentation and monitored progress to ensure timely completion.

EDUCATION

Bachelor of Science in Information Technology — National University Laguna × Asia Pacific College

Expected Graduation: July 2027
