PROFESSIONAL SUMMARY

Video editor, digital partner, and web developer delivering short-form content, responsive web projects, and organized digital operations. Founder of ERO | VISUALS, with 70M+ documented views across available TikTok and YouTube analytics and top-performing work reaching 14M views. Final-year BS Information Technology student experienced in content production, web development, project coordination, and remote collaboration.

EXPERIENCE AND LEADERSHIP

Founder and Content Operator | ERO | VISUALS (@eroedtx)

Remote | August 2022 - Present

- Manage the full short-form content workflow across TikTok, YouTube, Facebook, and Instagram, from idea selection and asset organization through editing, publishing, and performance review.
- Built a body of work with 70M+ documented views across available channel analytics, including a 14M-view TikTok edit and a 12.7M-view YouTube Short.
- Delivered a commissioned two-part promotional edit for a US client within 24 hours, handling the brief, revisions, client communication, and final handoff.

Video Production Officer | NU Laguna SCS Student Council

Calamba City, Laguna | 2025 - Present

- Plan, schedule, and deliver multimedia content for university events while maintaining organized production files for efficient review, collaboration, and publishing.

Web Development Lead | Microsoft Student Community - NU Laguna

Calamba City, Laguna | June 2025 - July 2026

- Led backend development for the first version of the community website using Node.js, Express, and MySQL, supporting its official launch at SparkPoint 2026.
- Coordinated student developers around timelines, API requirements, troubleshooting, progress tracking, and deployment documentation.

Capstone Project Lead | City Government of Sto. Tomas

Sto. Tomas City, Batangas | 2025 - 2026

- Lead requirements gathering, stakeholder coordination, documentation, and delivery planning for a PHP and MySQL Document Tracking and Analytics System for government workflows.

SELECTED PROJECTS

Digital Creative Portfolio | HTML5, CSS3, JavaScript, GitHub Pages

- Designed and built a responsive portfolio presenting video work, web projects, workflow support, certifications, and documented analytics.
- **MSC NU Laguna Website** | *Node.js, Express, MySQL*
Developed backend features for a live community website supporting members, events, and published updates.
- **Document Tracking and Analytics System** | *PHP, MySQL*
