

# MERWIN M. GENEROSO

INFORMATION TECHNOLOGY STUDENT | WEB DEVELOPMENT | SOFTWARE PROJECT COORDINATION

Sto. Tomas City, Batangas, Philippines | +63 967 310 7689 | generosomerwin10@gmail.com

Portfolio: [generosomm.dev](https://generosomm.dev) | LinkedIn: [generosomm](#) | GitHub: [generosomm](#)

## PROFESSIONAL SUMMARY

4th year Bachelor of Science in Information Technology student with hands-on experience in web development, database systems, API integration, technical documentation, and project coordination. Experienced in leading student development teams, translating requirements into technical tasks, and coordinating system implementation. Also brings creative and digital marketing experience through ERO | VISUALS, including 70M+ documented content views and client-based projects. Seeking an IT internship to contribute to real-world software projects while developing professional industry experience.

## EDUCATION

**Bachelor of Science in Information Technology** — National University Laguna x Asia Pacific College

*Expected July 2027*

## EXPERIENCE

**Web Development Lead** — Microsoft Student Community, NU Laguna

*June 2025 – July 2026*

- Led backend development for the organization's community website using Node.js, Express, and MySQL.
- Coordinated student developers on technical requirements, API integration, troubleshooting, documentation, and development progress.
- Established development workflows and documentation standards to keep the team aligned throughout implementation.

**Capstone Project Lead** — City Government of Sto. Tomas, Batangas

*2025 – 2026*

- Led requirements gathering, stakeholder coordination, documentation, and development planning for a PHP and MySQL document tracking system.
- Translated government workflow requirements into system features, technical tasks, and development priorities.
- Coordinated project progress and aligned system design with stakeholder requirements throughout development.

**Founder & Independent Digital Creator** — ERO | VISUALS (@eroedtx)

*August 2022 – Present*

- Manage end-to-end digital content projects, including planning, client requirements, asset organization, editing, publishing, and performance review.
- Generated 70M+ documented views across available TikTok and YouTube analytics through audience-focused content and consistent digital publishing.
- Handle client briefs, revisions, deadlines, communication, and final delivery for commissioned creative projects.
- Apply content strategy, visual communication, and basic digital marketing principles to improve audience engagement and promote creative projects.

**Video Production Officer** — NU Laguna School of Computer Studies Student Council

*June 2025 – Present*

- Coordinate, produce, and deliver multimedia content for university events while maintaining organized project files and workflows.
- Collaborate with student officers on content requirements, schedules, revisions, and publishing.

## PROJECTS

**Digital Creative Portfolio** — HTML5, CSS3, JavaScript, GitHub Pages / Vercel

- Designed and developed a responsive portfolio website from scratch using a framework-free frontend and JSON-based content structure.
- Implemented custom animations, project showcases, and analytics displays to organize and present technical and creative work.

**Goodness Gracious — Hotel EDI Integration System** — HTML/CSS/JavaScript, Firebase Cloud Functions, Firestore, Vercel

- Led the Customer/Hotel node in a 5-team systems integration project connecting independent systems through API-based communication.
- Developed a hotel inventory dashboard covering orders, invoices, shipment tracking, stock levels, and audit logs.
- Implemented REST endpoints for exchanging ANSI X12-based EDI transactions and participated in cross-team integration testing.

## CORE TECHNICAL SKILLS

- Programming & Web: JavaScript, PHP, HTML5, CSS3, Node.js, Express, Responsive Web Development
- Database & Backend: SQL, MySQL, Firestore, Database Design, Backend Development, API Integration, REST APIs
- Development Tools: Git, GitHub, VS Code, Debugging, Troubleshooting, Technical Documentation
- Project & Operations: Requirements Gathering, Project Coordination, Workflow Organization, Progress Tracking, Stakeholder Communication
- Working Style: Remote collaboration, Technical documentation, Asynchronous communication, Task coordination
- Creative & Digital: Adobe After Effects, Adobe Premiere Pro, CapCut, Canva, Video Editing, Content Strategy, Digital Marketing
