124M+ Cumulative Video Views	239K+ TikTok Followers	16.4K+ YouTube Subscribers	1.9K+ Instagram Followers	644+ YouTube Videos
---------------------------------	---------------------------	-------------------------------	------------------------------	------------------------

PROFESSIONAL SUMMARY

Detail-oriented Virtual Assistant with hands-on experience managing content calendars, digital assets, project timelines, and client coordination end-to-end. Founder of ERO | VISUALS, an independent content operation grown from zero to 124M+ cumulative video views by personally handling scheduling, research, file organization, and stakeholder communication alongside creative production. Comfortable supporting both local and international clients, including a commissioned edit for a U.S.-based recording artist that reached 3.9M views, and confident navigating global platform algorithms, not just local ones. Currently a 4th year BS Information Technology student, which adds strong tech fluency (Google Workspace, Notion/Trello, AI-assisted research tools, basic web development) to day-to-day admin and operations work. Reliable, organized, and available for part-time or full-time remote roles across US, UK, AU, and Asia time zones.

VIRTUAL ASSISTANT SERVICES

- **Administrative Support & Data Entry:** document handling, records upkeep, spreadsheet and file organization.
- **Calendar & Email Management:** scheduling, inbox organization, follow-ups.
- **Internet Research & Documentation:** gathering and organizing information into clear, usable formats.
- **Social Media Management & Content Planning:** content calendars, scheduling, and cross-platform posting.
- **Project & Workflow Coordination:** timelines, digital asset organization, team/stakeholder communication.
- **Video Editing** (Premiere Pro, After Effects, CapCut), a bonus skill for content-heavy accounts or brands.
- **Paid Social & Meta Ads Support:** Facebook/Instagram ad campaign setup, audience targeting, and reporting for property listings.
- **Basic Web Development** (HTML/CSS/JS), a bonus skill for simple site updates or landing pages.

Open to additional administrative or virtual assistant tasks beyond this list as needed.

- **Technical (bonus):** HTML, CSS, JavaScript, Node.js, SQL, Git/GitHub, VS Code

CONTENT & PROJECT OPERATIONS EXPERIENCE

Founder & Content Operator, ERO | VISUALS (@EROEDTX)

August 2022 – Present

- Independently manage the full content operation for a brand with 124M+ cumulative views: content calendars, digital asset libraries, publishing schedules, and performance tracking across TikTok, YouTube, Facebook, and Instagram.
- Coordinate directly with outside clients on commissioned work, including a promotional edit for U.S. recording artist Gracie Abrams' trending track that reached 3.9M views and 270K likes, proof of experience delivering for international audiences and foreign platform algorithms, not just local ones.
- Managed full client intake for a commissioned two-part edit series ("The Chosen," synced to a trending sound), handling requirements gathering, creative-brief Q&A, a 24-hour delivery timeline, and client communication from quote to final handoff.
- Organize and archive raw footage, briefs, and delivery files across projects; keep production on schedule end-to-end from planning through publishing.
- Track and report performance data (reach, audience demographics, discovery source) to guide planning: 239K+ TikTok followers, 21.3M+ likes, 96%+ of reach from non-follower discovery.
- Run Facebook ad campaigns for a Tagaytay Highlands-based real estate agent, handling property listing creatives, audience targeting, and campaign reporting.

Video Production Officer, NU Laguna School of Computer Studies Student Council

June 2025 – Present

- Coordinate with officers and organizers to plan, schedule, and deliver multimedia content on time for university events.
- Organize digital assets and production files for efficient team collaboration.

Web Development Lead, Microsoft Student Community, NU Laguna

June 2025 – May 2026

- Coordinated a team of student developers against a shared project timeline and API contract, handling documentation and progress tracking alongside hands-on backend development (Node.js, Express, MySQL).
- Provided technical support and troubleshooting, and organized handoff documentation for deployment.

Capstone Project Lead, City Government of Sto. Tomas, Batangas

2025 – 2026

- Coordinated project timelines, requirements gathering, and stakeholder communication for a Document Tracking and Analytics System.
- Maintained project documentation and monitored progress to ensure timely completion.

EDUCATION

Bachelor of Science in Information Technology, National University Laguna × Asia Pacific College

Expected Graduation: July 2027

CERTIFICATIONS

- Information Technology Specialist, Network Security, Certiport (2026)
- Information Technology Specialist, Databases, Certiport (2025)
- Salesforce Agentblazer Champion, Salesforce (2025)

REMOTE WORK READINESS

- **Internet:** Stable fiber connection with mobile data backup.
- **Equipment:** Personal laptop (AMD Ryzen 5 5600H, 16GB RAM, RTX 3060), HD webcam, noise-cancelling headset.
- **Availability:** Open to part-time or full-time remote work; flexible with US, UK, AU, and Asia time zones.
